Medskill is a massive open online course provider in India. It was founded in 2020 by Healthcare Management Professionals Dr. Noorul Anwar and Dr. S. Karim. Medskill offers online courses and certifications in a range of healthcare fields in collaboration with universities and other organizations.

I am pleased to welcome all to the third "International Orofacial Pain Congress," also known as IOPCON 2024, starting on December 6 th, 2024.

When various healthcare experts work together to tackle complex orofacial pain problems, it is referred to as a multidisciplinary method for managing orofacial pains, encompassing vital clinical strategies and insights.

Clinical practitioners, scholars, researchers, and students worldwide are invited to participate in the International Orofacial Pain Congress, IOPCON 2024. Moreover, engaging with prominent scholars and specialists at this event will aid in understanding future trends and needs, facilitating future partnerships.

Around the TMJ awareness month, let's gather to explore the different aspects of Orofacial Pain.

Dr. Noorul Anwar
Organizing Chairman
IOPCON 2024

Dr. Sonal Yerpude
Organizing Secretary
IOPCON 2024

Welcome to the International Orofacial Pain Congress 2024, taking place December 6-8! This year, we're highlighting orofacial pain—a specialty that bridges dentistry and medicine.

Orofacial pain addresses complex issues in the head, neck, and jaw, expanding beyond dental practice. Dentists now play a crucial role in managing conditions like temporomandibular disorders, neuropathic pain, and sleep-related breathing issues, collaborating with neurology, psychology, and physical therapy.

Our theme centers around delivering valuable insights and new tools in diagnostics and management. Let's advance orofacial pain care together. Welcome to IOPCON 2024!
